

GT- B05
Quick Fiber Oil Extractor

Application

Used for quick oil extract form all kinds of fiber and the test of oil length of a specimen.

Key Specification

Model	GT-B05-1	GT-B05-3
Temperature control range	Room temperature~200℃	
Working positions	1	3
Suitable extraction solvent	oil ether, ether and dichloromethane	
Temperature indicator accuracy	+/-0.5%	
Power source	AC220V 50HZ, 60Hz	
Heating power	100W	
Standards	GB6504 GB6977 ASTM-D-2257
